

# Lovibond® Colour Measurement Tintometer® Group

## Filtre personnalisé

Code: 13109981

Conformance filters are assigned a nominal value and the company always endeavours to match this value as closely as possible. On occasion, because of the unique manner of the glass making process, it may not be possible to match the requested values exactly. The values achieved and the performance tolerances expected will, of course, always be reported.

### Filtre personnalisé

A single filter of a type not usually produced as part of a standard filter set. Please contact [sales@tintometer.com](mailto:sales@tintometer.com) with the details of your requirement to check that it is technically possible to create the required filter.

### Fiche technique

**Glass Standard Values** Selon le cas

**Filters** 1

## Contenu de livraison
