

Lovibond® Colour Measurement Tintometer® Group

Saybolt (sadece PFX/PFXi-880/950/995)

Ürün No: 139583

Conformance filters are assigned a nominal value and the company always endeavours to match this value as closely as possible. On occasion, because of the unique manner of the glass making process, it may not be possible to match the requested values exactly. The values achieved and the performance tolerances expected will, of course, always be reported.

Saybolt (sadece PFX/PFXi-880/950/995)

A single glass conformance filter for checking the PFXi 880, 950 or 995 in Saybolt scale.
